

Curriculum Guidelines

The curriculum shall reflect the stated Catholic philosophy and goals of the school.

The organization and functioning of the various facets of the curriculum shall be consistent with the stated objectives of the school and be implemented according to the recommendations defined in the Curriculum Guidelines of the Diocese of Marquette.

The curriculum shall reflect the fundamental principles of student growth and development and the specific theories accepted at the school. It shall recognize and make provisions for the physical, emotional, mental, and social differences among students.

The curriculum shall promote the development of the student's understanding of and responsibility to God, self, home, church, world, and other persons.

The curriculum shall address the needs of the community.

The curriculum shall relate to the life experiences and environment of the student.

The curriculum shall utilize the resources of the community in which the school is located.

The curriculum shall address the need of the student to function effectively within a social context.

The curriculum shall be developed by the professional staff, with the appropriate involvement of the community and students.

The curriculum shall encourage inter-disciplinary approaches to teaching at all grade levels.
