

Testing

The following guidelines for testing shall be followed:

1. Catholic schools are to use the CTB/McGraw Hill Terra Nova Assessment Series to test achievement, and the TES/2 Test of Cognitive Skills to test scholastic ability.
2. Testing is to be administered in grades three and six.
3. Testing shall be conducted during the fall at a time to be agreed upon by the school administrators and the diocesan school superintendent.
4. Pupils missing school on the days designated for diocesan testing are to be tested at a later date. Such testing must be completed prior to the deadline date set for mailing answer sheets to the scoring center.
5. Once the test results have been received by the schools, a faculty meeting will be held to inform teachers of the results and determine how this information will be shared with parents.
